

AWAKE PATH SONG

We found a love, for us
We will just dive right in,
Follow Thays lead
We found Awake,
Beautiful and pure
We never knew we had that ego inside of us

Cause we were just kids living in the dark,
Dreams felt like works of art
Open our eyes and show us the light

Thay guides us all we know
Their hearts are made of gold
As long as we can drop our illusion mind

A-W-A-K-E, walking on the path
With unconditional love
Sincerely we have vowed,

Spreading Thays message around the world
To save us from our pain,
No more of that it's only Wisdom, compassion,
True love, and happiness
