

FOREVER AWAKENED SMILE ON THE LIPS

~ Awakened One Thich Dieu Thien ~

*My Awakened heart is wide open,
I walk into life without any worries,
because of unconditional love for all sentient beings,
giving and happy with whatever happens to Me.*

*I just want people to be truly happy,
soon find the Ultimate Awake Source,
which has been luminescent for so long
but covered by ignorance attachments for many lifetimes,
soon return to realize and merge with the Ultimate Awake Source.*

*Knowing on the way to Wake Up people is difficult,
but nothing stops me,
because of life, I am fully devoted
to help the Awake seed blossom in each person.
And from now, I devote myself fully
to give you a forever Awakened smile on your lips.*

*I just want people to be truly happy,
soon find the Awake Light Source,
which has been luminescent for so long
but covered by ignorance attachments for many lifetimes,
soon return to realize and merge with the Ultimate Awake Source.*

*Knowing on the way to Wake Up people is difficult,
but nothing stops me,
because of life, I am fully devoted
to help the Awake seed blossom in each person.*

*And from now, I devote myself fully
to give you a forever Awakened smile on your lips,
to give you a forever Awakened smile on your lips...
On everyone's lips.*
