The fresh fragrance emits everywhere
Freshly offered to the world

instantly realize deeply
This spring I vow to end the whole source

Mai flowers show their fresh beauty
Connecting everyone to Thày

Pre-chorus
Awake New Year

Liberating me from the ocean of birth and death
I vow to end the cycle of birth and death
Soon returning to the awake home, where Thay's
awake essence, wisdom,
Serenity, and emptiness is

Hook
Aia
Celebrating New Year with the sangha
And Thay welcome me back to Thày' essence
Following Thay everywhere
Shining the awake light to the world

Bridge
always vowing to soon return to Thày 's 5 quali-
ties
And awake life force brightening up,
Merging into the buddha's essence
Deep love of ego falls apart
Compassion spreads far and wide

Rap
The stream of karma even though still binding
I 'm now sure not being pulled by it
'Cause awakened ones
Have let me deeply realize the buddha essence is
the real me

If you want to liberate from the source of ego
attachment , you need to see it right before your
eyes

End the source, now I vow to steadily walk on the
path to Awake

I am always urged everyday to soon merge into
the ultimate essence

Soon complete the great vow. Wisdom is bright-
ening for the great love, dear Thay
