## THE SMILE THAT FOREVER BLOSSOMS

*The poem that arose when Awakened One Thich Dieu Thien, realized True Suchness at Suan Mokkh International Dharma Hermitage, Thailand — April 8, 2001.*

When the Heart opens wide,  
I step into life  
without worry.

For love that embraces all sentient beings  
is giving,  
and remaining empty and free  
amid every condition.

I vow to awaken people from their dream,  
so they may directly realize  
the Luminous Source of Suchness —  
a light that has always shone,

yet through delusion  
has been veiled for countless lifetimes,  
now returning  
to realize the True Source.

Though awakening beings  
may be difficult,  
nothing  
can cause my steps  
to falter.

For the world,  
I vow to fully dedicate myself:

awakening the Buddha Nature  
within each person,  
so they may enter the Awakened Source  
and shatter  
the root of delusion.

And from this moment on,  
I vow to devote myself completely,

so that the smile  
may forever blossom —

upon the lips  
of all people.

For 25 years, the Light of Awakening and the  
Great Vow of Awakened One  
Thich Dieu Thien to liberate sentient beings  
has continuously spread.

Without distinction of culture, religion, or  
background, she awakens the Awakened Mind,  
for people to realize who they truly are,  
enter the Awakened Source, and liberate the  
root of delusion and attachment,  
ending the suffering of the ego.

*At that moment*

True Love,  
Happiness,  
and Peace  
*naturally reveal themselves.*

When each person's heart is awakened, the mind becomes  
vast, and the Light of Awakening begins to spread:

*One person awakens — A whole family awakens*

*Society awakens — A nation awakens*

*Invitation to Walk Together*

Let us join the Great Vow of Awakened One  
Thich Dieu Thien to liberate sentient beings and  
wholeheartedly contribute to building and developing  
Universal Door Meditation Center, so that the Light of  
Awakening may be kindled in many more hearts.

**So that True Wisdom and True Love**  
may spread throughout humanity.
